General Index 1989

1992 – A challenge and an opportunity: *J. Levy* .. 53
The activities of IGU Committee H: *D.R. Roe* 234
Added load from major infills: *M.J. Ellerker* and *B. Bell* 117
Address: *D.E. Filer* 202
Address: *Sir Denis Rooke* 194
Air liquefaction using LNG cold: *D.T. Linnett* 277
ASTEC – The beginning of a new age: *E. Keddie* .. 37
British Gas prepares for 1992: *P.O. Lewis* 285
Developments in the standardisation of containment tanks for storage of refrigerated liquefied gases: *D. Dickie* and *R. Long* 235
Educating engineers for business in the 1990s and beyond: *G.A.T. Astbury* and *G.M. Davies* 88
Engineering gas savings into the National Transmission System: *G.W. Hart* 66
Environmental Digest 11, 289
Expert systems and British Gas research: *P.J. Colby* and *A.R. Uzel* 34
Gas 88 Review 14
Getting back into condition: *P.S. Clough* 302
The global role of natural gas in the 21st century: *R. Evans* 229
Horizontal directional drilling – a new 'slant' on trenchless technology: *P. Hay* 130
IGE News 15, 47, 79, 111, 143, 175, 207, 251, 295
Improvements to the capacity of molecular sieve units on British Gas LNG plant: *M.R. Creed* and *K.R. Wearing* 270
Incident and emergency training in British Gas North Eastern: *R. Taylor* 98
In support of the business – an engineering perspective: *C.J. Marchant* 182
Landfill wastes – it's a gas: *A. Clay* and *T. Norman* 314
LNG re-vapourisation: *K.J. Whiting* 274
LNG ship management – the success of the 'Methane Princess' venture: *A.G.T. Tosh* 240
Making IT work: *D. Woods* and *M. Tallantyre* 72
The manager of the future: *A. Jefferson* 2
Mechanised mainlaying and new backfill method: *D.G.V. Coates* 55
Membership changes 25, 43, 116, 211, 288
A new concept in air conditioning: *B. Skinner* 26
New Ordinary Members of Council 179
News from Industry 21, 44, 148, 180, 212, 245, 293
The ozone hole and the greenhouse effect: *F.M. Church* and *F.E. Shephard* 282
People ... 18, 50, 114, 146, 179, 210, 254, 298, 330
Planned LNG import terminal at Isle of Grain: *A. Acton* 255
President 1989-90 175
Presidential Address – The path of progress: *D.A. Young* 163
Purification of aqueous liquors from the Slagging Gasifier: *F. Ahrabi* 153
R&D in British Gas – an integral part of the business: *W.L. Mercer* 217
Reinstatement training in British Gas Southern: *D. Wellstead* 102
A review of gas in the ground and techniques for its removal: *R.C. Owen* 334

Author Index 1989

Acton, A. *Planned LNG import terminal at Isle of Grain* 255
Ahrabi, F. *Purification of aqueous liquors from the Slagging Gasifier* 153
Astbury, G.A.T. and Davies, G.M. *Educating engineers for business in the 1990s and beyond* 88
Church, F.M. and Shephard, F.E. *The ozone hole and the greenhouse effect* 282
Clay, A. and Norman, T. *Landfill wastes – it's a gas* 314
Clough, P.S. *Getting back into condition* 302
Coates, D.G.V. *Mechanised mainlaying and new backfill method* 55
Colby, P.J. and Uzel, A.R. *Expert systems and British Gas research* 34
Creed, M.R. and Wearing, K.R. *Improvements to the capacity of molecular sieve units on British Gas LNG plant* 270
Dickie, D. and Long, R. *Developments in the standardisation of containment tanks for storage of refrigerated liquefied gases* 235
Ellerker, M.J. and Bell, B. *Added load from major infills* 117
Evans, R. *The global role of natural gas in the 21st century* 229
Filer, D.E. *Address* 202
Gatt, C.A. *Transportation of liquefied natural gas by sea* 263
Hart, G.W. *Engineering gas savings into the National Transmission System* 66
Hay, P. *Horizontal directional drilling – a new 'slant' on trenchless technology* 130
Jefferson, A. *The manager of the future* 2
Keddie, E. *ASTEC – The beginning of a new age* .. 37
Levy, J. *1992 – A challenge and an opportunity* 53
Lewis, P.O. *British Gas prepares for 1992* 285
Linnett, D.T. *Air liquefaction using LNG cold* 277
Marchant, C.J. *In support of the business – an engineering perspective* 182
Mercer, W.L. *R&D in British Gas – an integral part of the business* 217
Owen, R.C. *A review of gas in the ground and techniques for its removal* 334
Roe, D.R. *The activities of IGU Committee H* 234
Rooke, Sir Denis *Address* 194
Skinner, B. *A new concept in air conditioning* .. 26
Taylor, R. *Incident and emergency training in British Gas North Eastern* 98
Tosh, A.G.T. *LNG ship management – the success of the 'Methane Princess' venture* 240
Wellstead, D. *Reinstatement training in British Gas Southern* 102
Whiting, K.J. *LNG re-vapourisation* 274
Woods, D. and Tallantyre, M. *Making IT work* 72
Young, D.A. *Presidential Address – The path of progress* 163
